To whom it may concern,

ESF.02.161/01: Tender For An Awareness Campaign About Suicide in Malta

Kindly be advised that the reason why Striped Sox and Mikhail Schembri were rejected during the evaluation process is due to missing or unfilled documents.

With regards to Striped Sox, the tender form was missing while Mikhail Schembri failed to provide the technical offer rationale, risks, strategy and timetable of activities which were an important aspect of the deliverables required.

Both the tender form and the technical offer were required as per Note 3 of Notes to clause 7 of the Tender document. As a result, no rectification for such documents was allowed, which is why we could not accept the tender form provided by Striped Sox after the deadline for submission of tenders.

For this reason, the evaluation committee could not consider the above two bids for further evaluation and they had to be rejected.

In addition, Outlook Coop and Matthew Vella, although they were technically compliant, the selection criteria was dependent on the cheapest compliant bid, which is why Red Orange has been selected.

As stated in the letter of award, the deadline for filing of notice of objection is Tuesday 3rd October 2023 at 12:00pm. The appeal of the complaint shall be affixed to the notice-board of the Public Contracts Review Board and shall be communicated by electronic means to all participating tenderers. The deposit required if lodging an appeal is €400.
